# Java - Introduction to Programming Lecture 1

## **Installation & First Program**

## 1. Install Java

- a. Install JDK (https://www.oracle.com/in/java/technologies/javase-downloads.html)
- b. Install IntelliJ (https://www.jetbrains.com/idea/download/#section=mac)
- b. Install Visual Studio Code (VS Code) Prefer THIS

(https://code.visualstudio.com/download)

## 2. Sample Code

### **Functions**

A function is a block of code which takes some input, performs some operations and returns some output.

The functions stored inside classes are called methods.

The function we have used is called main.

#### Class

A class is a group of objects which have common properties. A class can have some properties and functions (called methods).

The class we have used is Main.

## 3. Our 1st Program
